	Kantonsschule Wiedikon	Oct 2013
PROJECTS	<ul style="list-style-type: none">▪ Organised and taught an introductory Linux course at Highschool<ul style="list-style-type: none">• Non mandatory and completely self organised project, which was composed of 8 lessons in total	
	HackZurich	
	<ul style="list-style-type: none">▪ Social media platform based around challenges and challenging each other	Sep 2017
	<ul style="list-style-type: none">▪ Crowdsourced Grocery Shopping	Sep 2016
	<ul style="list-style-type: none">▪ Reimagined car search interface<ul style="list-style-type: none">• Removed the need for users to have any kind of previous knowledge about car specifics	Sep 2015
	Extended functionality of Jasper (Voice assistant)	Aug 2016
	<ul style="list-style-type: none">▪ Built DIY version of connected electrical sockets, using an Arduino board	
	Passion Project: Home Automation	
AWARDS & OTHER EXPERIENCES	I love tinkering with new voice and automation assistants. My ultimate goal is that one will never have to close a window, lock a door or change the brightness of the lights manually. I have played around with <i>Amazon Echo</i> , <i>Mycroft.ai</i> , <i>Jasper</i> and <i>Home Assistant</i> .	
	Awards : 2nd place Amag challenge at HackZurich 2015	
	Community Service : Teaching Assistant at local Kindergarten	
	Organisations & Hobbies : Boy Scouts, Coding, Woodworking, Fencing
